4 DOOR CABIN TOILET

4 DOOR CABIN TOILET

NURA 4 Door Cabin Toilet is a practical and efficient sanitation unit designed to support high-traffic environments such as construction sites, events, and industrial facilities. With four separate cubicles in one compact cabin, it maximizes usability while saving space—ideal for teams working on-site or crowds in temporary locations.

Each cubicle is thoughtfully equipped with a **ceramic toilet bowl**, **sink**, **bidet spray**, providing a clean and comfortable experience similar to standard indoor toilets. The interior is well-ventilated and easy to maintain, ensuring hygiene and convenience for every user.

Designed for quick installation and available for flexible rental durations, the 4 Door Cabin Toilet is a smart, all-in-one solution that keeps your site organized, sanitary, and user-friendly.
